# Asia's recognised trade fair for green markets 备受肯定的亚洲环保盛会

With over a decade of solid experience, Eco Expo Asia is a prominent trading platform for environmentally conscious businesses in Asia. Co-organised by the Environment Bureau, the event receives strong support from Hong Kong, the Chinese mainland, international government authorities and industry associations. It provides B2G and B2B opportunities for exhibitors to expand their market reach and showcase cutting-edge environmental protection technologies, solutions and products.

国际环保博览累积超过十年丰富经验，是亚洲环保行业优秀的商贸平台。展会由香港特区政府环境局协办，同时得到香港、中国内地，以及全球多个政府部门和行业商会的鼎力支持。博览为参展商提供企业对政府(B2G)和企业对企业(B2B)层面的商机，协助参展商拓展市场，展示创新的环保技术、方案及产品。

## Asia reinforces commitment to promote electric vehicles 亚洲进一步推广电动车发展

It is forecasted that 35% of global new car sales will be electric vehicles (EV) by 2040. In 2016, the Executive Yuan in Taiwan passed an amendment to the Commodity Tax Act extending the commodity tax exemption period for EVs to the end of 2021. While in Thailand, the national Energy Policy and Planning Office has formulated supporting policies for development of new energies and EVs. The country aims to boost the number of electric cars to 1.2 million by 2036. Coupled with similar strategic initiatives in other Asian countries, demand for EV-related technologies and products is growing vigorously.

据预测，电动车到2040年将占全球新车销量的35%。2016年，台湾行政院通过货物税条例修正案，将电动车免税优惠延至2021年。另外，泰国国家能源政策和规划办公室则制定了新能源和电动车发展的扶持政策，目标于2036年将国内电动车保有量提高至120万辆。其他亚洲国家也推出了类似的策略性措施，显示市场的需求正在大幅增长。

## The Chinese mainland boosts investments to support new energy vehicle growth 中国内地加大新能源汽车投资力度

The Chinese mainland is the largest market worldwide for new energy vehicles (NEV). The sector recorded a significant sales growth of 162% to 170,000 NEVs in the first half of 2016 which is more than 2.5 folds of the second ranked United States. During its 13<sup>th</sup> Five-Year Plan, the Chinese mainland will invest USD 3.6 billion into constructing 10,000 charging stations and 120,000 charging systems as a part of its efforts to support sustainable growth of the EV sector.

中国内地是全球最大的新能源汽车市场。2016年上半年，新能源汽车销量同比增长率为162%，数目高达17万辆。位列全球第二的美国，其新能源车销量则为64,000辆。在“十三五”期间，为支持电动车行业持续发展，中国内地将投资36亿美元建设一万台充电站和12万台充电系统。

## Hong Kong pumps up its green transportation 香港推动绿色运输发展

Hong Kong has also made significant progress when it comes to preparing wider adoption of EVs. At the end of 2016, there were 7,231 units of EVs on Hong Kong roads, which is 44% more than that in London. To further facilitate the use of EV, public chargers in Hong Kong have been upgrading for better charging efficiency. Additionally, the city has been reducing carbon emissions by developing public waterborne transport.

香港在推动电动车广泛使用方面取得重大进展。截至2016年底，于香港路面行驶的电动车数目达到7,231辆，比伦敦高出44%。为进一步推广电动车的使用，香港正为公共充电器进行升级，以提高充电效率。除此之外，为了减少碳排放，政府也致力发展公共水上运输，绿色运输的推广措施为相关领域带来无限商机。

## Fringe events 同场活动

### Eco Asia Conference 亚洲环保会议

Eco Asia Conference gathers influential industry experts and academics from around the world to address important environmental issues. By inviting specialists to share comprehensive insights from cross-regional perspectives, the conference helps participants capture potential business opportunities and facilitate exchange of the latest market intelligence.

亚洲环保会议云集全球各地具影响力的行业专家及学者，共同探讨重要的环保议题。通过邀请专家从跨地域角度分享全面的见解，会议有助与会者把握潜在商机，促进最新市场资讯的交流。

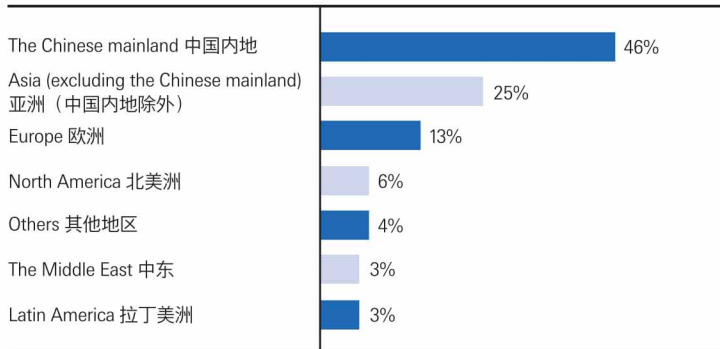

### Business Matching Programme 商贸配对服务

Business Matching Programme connects exhibitors and visitors in an efficient and effective manner through prearranged appointments. Tailor-made services assist participants in identifying potential partners to gain greater business opportunities and tap larger commercial networks. 以预约的商贸配对服务，参展商和买家能快速有效地建立联系。贴心的服务协助参与者物色潜在的商业夥伴，从而开拓商机，建立更庞大的商业网络。

## Overseas buyers' origins 海外买家来源地 (2016)

## Exhibitors' feedback 参展商评语

"Having just launched a new Battery Management System (BMS) for electric vehicles (EV), we decided to join Eco Expo Asia to look for partners. We were pleased that many EV owners and potential users asked us many questions, and we also had good discussions with other exhibitors from the Green Transportation Zone. China Dynamics was one company that we explored opportunities to develop a new car model with, and Hong Kong EV Power Ltd wanted to connect us with BYD so that we could provide them battery solutions. All in all, we were quite happy with the results achieved here."

**Mr Xu Shunrong, Marketing Director, Ten-D Energies, the US**

"国际环保博览是香港唯一一个把电动车列为重点推介的环保展览。绿色运输体验专区是让我们推广电动充电车解决方案的理想平台。展览让我们拓展业务网络，并互相介绍潜在客户，这一点非常好。来自中国内地、马来西亚、俄罗斯及泰国的访客都热衷了解更多电动车充电网络在香港运行的方法。对本公司的智能天花板电动车充电器感兴趣的包括政府部门、物业管理公司、潜在汽车制造商、环保基金公司、电动车车主及潜在电动车买家。"

**香港电动能源有限公司总经理邬键辉先生**

"Eco Expo Asia provides a strategic platform to facilitate the local and international environmental companies in entering the Chinese mainland's fast-growing environmental market. It has also attracted leaders and environmental professionals from the government, business and also technology sectors to Hong Kong to talk about climate change and other environmental issues of concern."

**The Hon. Wong Kam-sing, GBS, JP, Secretary for the Environment, The Hong Kong Special Administrative Region Government**

"国际环保博览提供一个策略性平台，促进本地及国际环保公司打开中国内地急速发展的环保市场。博览亦吸引政府、商界及科技界的领袖和环保专才前来香港，共同探讨气候变化及其他备受关注的环保议题。"

**香港特区政府环境局局长黄锦星先生，金紫荆星章、太平绅士**

## Buyers' feedback 买家评语

"The presentation given by the Hong Kong Productivity Council gave us a good overview of the EV charging facilities in Hong Kong and useful figures. I gained helpful advice and tips from the Green Transportation Forum as well as a great opportunity to network with the speakers from the industry."

**Mr Sebastien Brabant, Area Operation Manager, Renault Asia Pacific Ltd, Hong Kong**

"我的公司正与中电合作营运一家电动车充电合资企业。因此，我想寻找合适的电动车充电技术。这次展览令我认识了六名潜在合作的参展商，来年一定会再次参加，了解更多本地绿色企业及电动车业的发展。"

**香港电讯有限公司个人客户服务产品开发及业务拓展主管黄一川先生**
