

## The 4<sup>th</sup> edition Taiwan Pavilion at Guangzhou International Lighting Exhibition 2013

### 1. The 4th edition of Taiwan Pavilion organized by Taiwan Lighting Fixture Export Association continue to create impetus to the Asian market at Guangzhou

One of the Taiwan's most influential lighting industry associations, Taiwan Lighting Fixture Export Association, will lead its 4th edition of Taiwan pavilion at Guangzhou International Lighting Exhibition in 2013.

The pavilion will include exhibitors from lighting and LED sectors, demonstrating Taiwan's distinguished technologies in namely, technical lighting, decorative lighting, various light sources, LED lighting fixtures and retrofit lamps, LED drivers, lighting components, LED packaging and packaging materials, inspection and measurement equipments.

### 2. Brief introduction of the organizer of Taiwan Pavilion, Taiwan Lighting Fixture Export Association

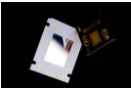

Taiwan Lighting Fixture Export association was founded in 1989 in Taipei, Taiwan. It is an organization composed of manufacturers, distributors in the field of lighting fixture industry. It comprises over 800 members and over hundred of sponsoring membership with years of developments. The purposes of the association are to promote international trade, and perform functions and activities in order to enhance the communications and interactions among members for better services to their customers in the market.

The organisation is pledged to contributing to a healthy and co-operative community of Lighting Fixture Industry for the good of members' business success in the future. Its missions are to facilitate the cross - strait exchange of technology, help the new design of the products, improve the international trade environment, provide trade leads, broadcast the decrees and regulations to the members etc., as well as being the host of the Taipei International Lighting Fair and organiser of seminars.
