

韩国展团主办单位简介

Introduction of Korea Pavilion Organiser

Korea LED Association

www.kleda.or.kr

The Korea LED Association organises the second edition of Korea Pavilion supported by KOTRA in the 2014 fair. The pavilion expands to a total scale of 144sqm, featured by 10 Korean companies covering a range of LED technologies and applications, including, LED technical lightings, signage and lightboxes, modules, driver and driver ICs, heatsink, and many more.

Interview with Korea LED Association (KLEDA)

Bang Byung Kuk 先生,
Vice Chairman 副主席,
Korea LED Association

1. Can you describe the activities and missions of your organisation?

协会主要的活动范畴和理念是什么？

We, KLEDA, are focusing on promoting the use of high-bay LED lighting in the Korean Industrial Complex.

KLEDA 一直致力于韩国工业推广使用高棚灯 LED 照明。

2. How is the export/ market development of Korean companies in Asia/ China?

现时于亚洲或中国的韩国企业的出口状况及市场发展如何？

In Asia, Korean companies are mainly focusing in the medium and high-end markets of LED lighting.

韩国展团展商 Korea Pavilion Exhibitors

广州瀚富新材料科技有限公司
Ecolbiotech Co., Ltd.

11.2 C32

Highlighted technologies // products:

- Heatsink LED, bioplastic Thermal LED, AC direct input type
- Par38, Security Lamp, Factory light, High-Bay LED
- 8W, 12W, 17W, 30W, 40W, 80W, 100W~130W

中山升捷照明科技有限公司
Dae Woong TLC

11.2 C30

LED driver: long life ,power converter,beyond the LED chips

新型 LED 驱动: 寿命更长的 LED 芯片功率转换器

AC Direct converter-less driver, electrolytic capacitor-less SMPS

交流直接驱动, 无电容电解的交换模式开关电源

WooYoung Co Ltd

11.2 B34

LED high bay lights with the characteristics of:

- optimised thermal design which enable less weight and high efficiency
- as substitute fixture to metal and sodium 250~400W, designed for fitting in high bay factory, shop, gymnasiums
- designed for easy assembly, disassembly, suitable to field(site) of intensive illumination and simple after service

DGI-Light

11.2 C29

Ultra slim & Flexible & Able to design the circuit (OEM possible) LED Module.

Kocom Co., Ltd

11.2 C35

KOCOM[®]

- * Highlighted technologies
 - 40years of production know-how
 - Eco-friendliness, Super power saving
 - Low Heat Generation with High Efficiency
 - Optimized Heat Sink Design
 - Long Life Time
 - Low Energy Consumption
- * Products
 - Indoor light (Bulb, MR16, PAR, Ceiling light, Sensor light, Strip light, FPL, Down light, Parking light, Room light, Kitchen light, Tube, Flat Panel light, Line bar, Flood light, Candle light, High Bay light)
 - Outdoor light (Street light, Security light, Guard light, Park light)

NC LED Co Ltd

11.2 C31

NC LED

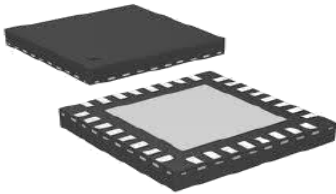

- BOX-LIGHT is newly developed for Light box solution to maximize its Light efficiency with Korean technologies.
- Flood-LIGHT is High-Efficient LG Innotek LED mounted. And excellent heat release adopting heat sink.

Silicon Works

11.2 D31

Silicon Works is well prepared to lead global LED lighting market with its LED lighting solution of AC Direct LED driver IC and customized LED module.

Techsign Light Panel Co Ltd

11.2 B32

Design the Light
TECHSIGN LIGHT PANEL CO., LTD

Highlighted technologies/ products:

- Most optimal Light Guide Panel design, edge-lit technology and unique fixture design
- High efficacy, super slim and ultra light weight
- Modern, creative and unique design, various shape and size available
- Easy installation, improved longevity and less power consumption
- A superior blend of performance, aesthetics and affordability
- Techsign owns local and international patents

Product group(s):

- LED Edge-lit Flat Panel Lights for commercial buildings, office area, hospitals and schools
- LED Edge-lit Donut Pendant Light, Donut Ceiling Light for residential or any other sites
- LED Display Light Panel
- Other LED Lightings with Techsign LED edge-lit technology

ILJIN LED

11.2 B36

[Specialty]

- The highest efficiency (200lm/w)
- Low drop of efficiency in high Temp. Circumstances
- Customized and optimized LED

[Application]

- Indoor/outdoor architectural and decorative lightings

(株)藝道電器照明
YEDO Lighting Co Ltd

11.2 C33

Highlighted technologies/ products:

- High quality LED products, including LED Bar, LED Pendant, LED Lamp, LED downlight, interior luminaires and downlights with halogen spot
- 18 years of production know-how, product quality is stable and robust, with the aesthetics and economics, and development of new products is constantly being made.

Product group(s):

- Lights for workplace and factory
- Architectural lights, commercial lights and construction lights
