

Hong Kong Pavilion 香港展团

展团历史 Edition	第六届 6 th edition
主办单位 Organiser	香港电子业商会 Hong Kong Electronic Industries Association
主题 Theme	香港高品质和创新的LED及其广泛应用 Hong Kong's quality and innovative LEDs for wide applications
展团亮点 Pavilion Highlights	<p>目的旨在推广香港LED产业的品质认证。展品包括工业照明、户外照明、小型LED灯具、LED彩色灯泡、智慧能源解决方案等。</p> <p>Product groups include industrial lighting, outdoor lighting, small LED lamps, LED colour light bulb, smart energy solutions and more.</p>

香港展团主办单位简介 Introduction of Hong Kong Pavilion Organiser

香港电子业商会是一个非牟利机构，成立于1980年。一直以业界的需要及协助会员发展商机为原则，积极推动本地电子及科技发展。

转眼香港电子业商会陪伴业界走过35载，得到各位会董，执委及会员的大力支持，过去举办了不同活动包括：研讨会，专辑讲座及考察团等协助业界持续发展。同时与世界各地政府及电子商会保持紧密联系，协助咨询与业界有关的政策。

随著智能家居系统的日渐普及，LED照明产品的应用更可大大提高。同时，“自行组装”(do-it-yourself, DIY) 将会是未来产品的主要趋势，相关产品设计新颖而且广泛应用于家居照明，加入“环保节能”的元素，销售额有所增长。另外，“智能照明系统”吸引厂商投入研发，透过物联网科技，创作一个智能平台，连接家居及以外的不同电子和照明设备，为用家带来新体验。

The Hong Kong Electronic Industries Association (HKEIA) is a non-profit trade organization. Since it was established in 1980, the HKEIA has aimed to provide the industry with a platform for better co-operation and business development. It dedicated to promoting the electronics industry and technology development in Hong Kong. The HKEIA has accompanied the industry for 35 years. With the support of all its office bearers, executive committee members and friends from all fields, it has undertaken a large variety of activities for the industry's sustainable development, including seminars, technical conferences and business tours. HKEIA have also liaised and cemented ties with overseas governments and electronics trade associations.

Recently, LED industry is still growing with the upcoming trend of Smart Home. We anticipate DIY (do-it-yourself) products will be the market trend which are already becoming more popular in these days. Related hardware items are enhanced with modernity in design as well as environmental concerns, all these lighting products are selling well in the market. The lighting industry will keep on developing "Smart" lighting system with the concept of Internet of Things (IoT), connecting various devices at home by a smart platform through APP operated mobile devices.

香港展团展商 Hong Kong Pavilion Exhibitors

雅加科技有限公司 Aska Technology Ltd Cyan Technology Ltd

展位号 Booth no.: 11.2 C56

CYAN智慧能源方案提供商

▪ CyLux®集成式无线系统。易于与各种不同的照明技术配合实施完整的能源管理策略。

CyLec®集成式无线协议。易于与现有的电表设计结合,协助公用事业部门架构点对点及网状通讯网络。

CYAN :
Energy Saving and Smart Energy Solutions Provider

▪ CyLux® an Integrated Solution level wireless system. Simple and easy to implement with all lighting technologies enabling comprehensive energy saving management policies to be implemented.

CyLec® an Integrated Solution level wireless protocol. Simple and easy to implement in existing meter designs and allows utilities to implement point to point & mesh communications within Metering Networks.

香港标准及检定中心 Hong Kong Standards and Testing Centre

香港标准及检定中心(STC)为配合LED灯具产品的发展，提供LED灯具产品认证的测试服务，包括LED灯具安全、电磁波兼容(EMC)、光生物安全及效能表现等一站式测试服务，突显产品优势，为生产商抢占市场先机。

With technological innovation and development, the traditional incandescent light bulb and fluorescent lamp are going to be replaced by LED lighting. There are various types of LED lighting products for consumers today where the safety use of the LED lighting must comply with related product standards.

In order to ensure the safety of LED lighting products, Hong Kong Standards and Testing Centre (STC) provides comprehensive testing services including lighting safety, photobiological safety, luminous intensity distribution and energy efficiency etc. Manufacturers can enjoy our one-stop testing services and get their LED lighting products stand out in the market.
