Anycasting Co Ltd

展位号 Booth no.: 11.2 C51

AnyCasting's LED Lighting Solution Department develops and manufactures high quality LED lighting lenses using AnyCasting's independently developed optical design and ultra precision plastic molding technology. Currently, AnyCasting is a total solutions provider, supplying optical lenses for LED lighting applications to clients all over the world.

Production of Pattern-Applied LED Lenses Including Micro and Nano Features based On Advanced Plastic-Molding Technology.

Through innovative R&D, AnyCasting supplies its clients with the highly technical plastic goods used in optical, bio, and BLU products. AnyCasting's advanced plastic molding technology has allowed it to take plastic molding quality to a new level.

LED Secondary Optical Lens

- Technical Skills
 - Uniform CCT through unique design method
 - High accurate shape though DMTC system
 - Reducing yellow ring phenomenon though Nano Pattern molding

• Products

- LED Light Lens for General Lighting (MR16, PAR30, PAR38 etc.)
- LED Street Light Lens / LED Security Light Lens
- LED High Power TIR Lens (Factory, Flood, Tunnel, Sports Lights, etc.)
- LED Light Lens for Vehicle
- LED Light Lens for Marine, Bio and Construction
- Back Light Unit (BLU) Lenses for LED TV
- Fresnel Lens for CPV (Concentrating Photovoltaic)

爱路斯灯饰有限公司 IOLUX LIGHTING CO.,LTD

展位号 Booth no.: 11.2 B18

Track light LUXSPOT M+C

- 1.Power:30-35W
- 2.Input:220-240V
- 3.Color:Black, White, Gray, Green
- 4.CCT:3000K, 4000K, 5000K, 6000K
- 5.Luminous Efficacy:110-130lm/W
- 6.Life Time:≥25000h

Strengths

1.Heat sink

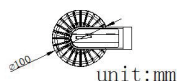

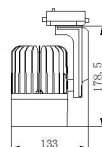

Die-casting aluminum heat sink: directly touching LED and air, with more heat dissipation area and surface radiation area, efficiently reduces the possibility of light fade, prolonging the lifetime of product.

2.COB/ light source

Homogeneous illumination: comfortable light, low glare, UV-and infrared- free, flicker- free, with high luminous efficacy, more than 110lm/W.

3.Driver

Small and exquisite, built-in driver, with advanced Korea technology, makes the product more efficient and durable.
