Abraham Moon & Sons Ltd
United Kingdom
Wool
www.moons.co.uk

Celebrating 180 years of British heritage and design, Moon is a UK manufacturer of quality woollen fabrics to leading high street fashion brands in the mid- range to high-end apparel, home textile and fashion accessories sectors. As one of Britain's last vertical woollen mills, Moon offers the assurance of luxurious quality as well as a unique understanding of today's fashion and the ever-changing needs of the clothing industry. We will be showcasing new fabrics for AW18/19 designed by Creative Director Martin Aveyard and his team across Lambswool, Worsted and Shetland types in Pure Wool.

Beijing Vitality Textiles Co Ltd
China
Wool
www.scabal.com

Scabal has been crafting the world's finest fabrics at our historic mill in England since 1539. From sheep to shop, Scabal have complete control over their production process, and use only the best natural fibres, sourced directly from the growers.

Scabal were the first company to introduce the Super 120's, 150's, 180's and 200's cloth to the market, and also introduced the incorporation of precious gems and metals directly into our cloth; including diamond, lapis lazuli, gold and platinum. Today, Scabal offers more than 5000 fabrics, each available for next-day delivery worldwide. We provide fabrics for the world's best tailors and biggest brands, including Burberry, Tom Ford, Berluti, Prada, and Brioni to name just a few.

Beijing Vitality, who is the most influential platform in finest fabric supplying field, is our only official distributor in mainland China.

Dormeuil

France

Wool

www.dormeuil.com

In 1842, Jules Dormeuil created a family business that would soon become world leader in supplying luxury fine cloths

For 170 years, The House of Dormeuil has developed timeless and iconic fabrics that have cemented the Company's reputation across all five continents.

From Kings to Presidents, Hollywood to connoisseurs . Dormeuil continues to dress the world's elite with timeless British elegance.

Today, Dormeuil fits comfortably into the world of contemporary luxury, pioneering innovative cloths using the world's finest and rarest natural fibres. Dormeuil's collections include the exquisite Haute Couture range that continues to tempt leading fashion houses of our time while also offering limited edition cloths for the extraordinary.

These exceptional fabrics are developed by Dormeuil's own design team and manufactured in non-other than England, using traditional methods that blended with best of modern technology.

Holland & Sherry

United Kingdom

www.hollandandsherry.com

At Holland & Sherry we are renowned for our luxurious fabric qualities. Our comprehensive range of fabrics include a variety of qualities woven from fine micron merino wools and noble fibres.

Highly featured in this seasons collection is HS 1842 Argento; an exclusive range of fabrics woven from a Super 200's, 13.5 micron wool encapsulated with a nano silver finish. Also featured is HS 1878, a collection woven from Gostwyck superfine Saxon merino wool. The supply chain for the fabrics in this collection have full traceability which means that Holland & Sherry are able to provide documented and recorded identification of all processes from sheep to cloth.

Feature exhibitors in Premium Wool zone (Hall 5.1)
