

Beyond Denim

intertextile
SHANGHAI apparel fabrics

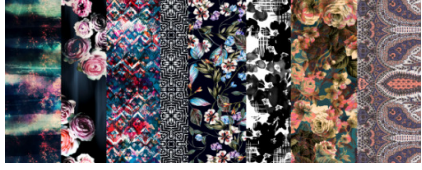

Exhibitor	Country	Product Description
Hebei Xindadong Textile Co., Ltd	China	Elastic and non-elastic denim including 4.5-15oz cotton, rayon cotton, polyester cotton, Tencel, Modal, T400 and more.
Kipas Denim Mills http://www.kipas.com.tr	Turkey	A valuable member of the Turkish textile industry, the company has transformed from a mere cotton yarn manufacturing plant into a fully integrated textile manufacturing giant.
Hmei Thread Co., Ltd. Of Yibin Sichuan	China	As a brand-new product introduced by Yibin Grace Group Company in the denim field, the Liyalan™ denim yarn features ultra-high colour fastness and comfortable skin-friendly touch which can eliminate the processing steps for users so as to greatly reduce production cost, while it is also environmentally friendly.
Jiangsu Expert Textile Co., Ltd	China	Tencel denim, knitting-like denim, jacquard denim, printed denim, coated denim and functional denim fabrics.
Malwa Industries Ltd http://malwagroup.com/	India	Malwa's premier denim plant in India and its facilities across Jordan & Italy are state-of-the-art units equipped with the latest machines from Switzerland, Germany, Belgium, Italy, Japan & the US.
Orta Anadolu Ticaret Ve Sanayi Isletmesi T.A.S. http://www.ortaanadolu.com 	Turkey	Amplify features multi-directional new smart fibres offering high authenticity and recovery. Vapor offers complete freedom of movement with a luxurious look. Octave has three summer flavours: Black Ice™, a permanent UV protection factor; White Light™, an external guard against liquids; and Cool Air™, an inside dryer with moisture wicking qualities.

		<p>Reverb features a cloudy salt and pepper aesthetic with modern functionality and vintage authenticity.</p> <p>Synthesis soothes the skin when the heat blankets our bodies, providing temperature control for the summer months.</p> <p>Symbiosis absorbs heat and transforms it into long infrared rays that interact with the body, stimulating the skin.</p>
Prosperity Textile Ltd	China	Various kinds of mid-range and high-end denim including mercerising, coating, Tencel, combing, T400 and more.
<p>W Denim www.wdenim.com</p> 	Turkey	<p>W Denim is proud to introduce the innovative concept of SUSTAIN STRETCH, a more sustainable approach to stretch denim, with a softer feel and optimum shape retention.</p> <p>SUSTAIN STRETCH fabrics were developed with Sustans® bio-based fibre which is partially derived from corn. With the help of this fabric, we achieved the following:</p> <ol style="list-style-type: none"> 1. Minimised bagging due to highly elastic fabrics which retain their shape all day long. 2. Soft touch and visible improvements on the growth values. 3. Elegant shine. <p>Working with the DuPont™ Sorona® polymer embedded in the Sustans® fibre is proof of our determination to create innovative solutions that also reduce our dependency on fossil fuels and greenhouse gas emissions.</p>
Yixing Lucky G&L Denim Co., Ltd	China	Yixing Lucky G&L Denim Co., Ltd produces high-end denim woven fabrics for domestic and overseas mid-range and high-end garment brands. The company boasts world-leading professional management and outstanding technology teams, who are engaged in product quality inspection and new product R&D & technology applications, and are capable of undertaking inspection of key safety & quality items for export products. Equipped with special and versatile machinery enables the company to design and manufacture denim serial products of different constituents, textures and post-finishing methods, such as purified cotton, cotton/polyester, cotton/lycra, cotton/XLA, cotton/Tencel, cotton/linen, various weaving techniques, coating, printing, foaming, post-finishing and more. Furthermore, the company

		also has set up their own styling & washing centre to help customers obtain ideal garment washing effects.
